### VANGUARD™ WORLD TIMER GMT

Franck Muller is enriching its men's collection with this utmost refined incarnation of the Vanguard™ - The Vanguard™ World Timer GMT, a piece that stands out with its strong and noticeable, yet classic features.

The modern and well-known shape welcomes the simplest yet pharaonic concept: the time in its entire globality. The latest official world time zones indexed in 24 emblematic world places are displayed to enable the owner to know the hour all around the world from Paris to New-York through Moscow.

This emblematic timepiece powered by an automatic mechanical movement is the utmost refined Franck Muller timepiece with the immediate knowledge of two time zones. As the gentleman three-piece suit, the Franck Muller Universal Hours owns 3 bezels.

The center of the dial is sunray brushed, adorned with the world map, which was subtly worked in order to create relief, highlighting each continent. Divided in the official 24 time zones, this world chart makes the creation a detailed explanation of the world time.

This masterpiece is indeed the expression of Franck Muller creations: modernity and excellence to its utmost, paired with a breathtaking and very detailed design.
